Though the Government under Democratic administrations does literally nothing to improve or even preserve our Lake Harbors, it does support quite a ficet mainly to afford anug berths for favorites, and look after the revenues. Here is a list of the Government vessels now in commission on the Northwestern Lakes - War Steamer Michigan, Lake Survey steamers Sur-Jacob Thompson, Jeremiah Black, Howell he has not been able to leave his bed since. Cobb, Isane Toucey, John B. Floyd, and A. V. Brown, a class of 56 ton elippers, descerated dollar for Lake Harbor improvements during the political career! Light House Service, their political career! Light House Service, raised so many of that class to fortune and emischooners Lamplighter and Watchfol, of about

150 tons each. To construct and equip this Government keep the ships affoat, would go far towards re- occuts of the Old Dominion are "ardent as a ments were commenced before the Administra- of the party. The Hunterites are straining ev tion of Van Buren sold the dredges and pile ery nerve to secure the nomination of Mr. Letchdrivers, need appropriations to make them ac- er, and the friends of Wise, under the lead of cessible and safe for storm-driven vessels, as the Riehmond Enquirer, are laboring with a ments were partially built are now comparative- nomination on the Wise side are Faulkaer, Edmore to complete and secure the Government be settled so satisfactorily doubtless as to re-Works partly constructed.

The long continued Government neglect of Lake Harbors is as unaccountable as it is criminal. With an inland coast and commerce such as no other country can boast of, the Lighthouses perched on dilapidated piers and on rocky islands or promontories, the Revenue vestion he assailed a Mr. Ellis, because he did not tion he assailed a Mr. Ellis, because he did not cipal ports swarming with Government officials, are about the only evidences of Government care to be found on the American side of the Mediterraneans of the Continent. Not so on the British. Their Harbors are not only improved opened a highway for our Lake fleets to the printer's "shooting stick." The probable reaports of the Old World!

Ohio State Journal.

Old things have become new. The Omo STATE JOURNAL, which we have read with mterest from the day that the good Bailinacus a quarter of a century ago made it a model po-fitical and family newspaper, has exchanged its old and battered types together with the editors and battered types together with the editors that the charges who have bottered fortunes in the was fearful that we might connect this ap-pointment with the charges which had been made in Congress last winter against the Gen-eral historial of bribery and corruption, and that and proprietors who have battered fortunes in this was in port pay for the price of his vote continuing its jubilization, and appears as frosh and he hoped thoreby to frighten us from make and bright as a just coined eagle under the ad- ing that charge. ministration of Messrs John and Henny Mit- Pittsburgh. For: Wayne and Chiengo R R. LEE, of the firm of J. & H. Miller, Columbus, The track of this important road is now laid firm of H. D. Cooke & Co., Sandusky, the new firm being Cooke & Millers Mr. Cooke takes the great Western Railroad point of the Lakes with Philadelphia by a southern route through the heart of the rich States of Pennsylvania, the business department. The State Jouenal Ohio, and Indiana. The Busyrus Journal says establishment by the new arrangement is placed upon a substantial basis, and it will be in all respects worthy of the Capital and worthy of the State. The Daily Journal is consideration of the state. The Daily Journal is consideration of the state of the state of the state of the state. The Daily Journal is consideration of the state of the bly enlarged, and is now a marning paper.

Mr. Cooke, the Editor in Chief, needs no introduction to the people of Northern Ohio. As troduction to the people of Northern Ohio. As

Editor of the Sandesky Register he has made | Transferter of Brood.—The delicate and his mark. A finished scholar and gentleman; hazardous operation of transferring a portion of intelligent, observing, familiar with the inter- the vital fluid, from one living subject to anothests, policy, and politics of Ohio; a ready writer er, and which has been only on two previous ocand courteous to all; Mr. Cooks will bring to ensions practiced on this side of the Atlantic. the conduct of the central Republican organ the was performed last month, with complete sucother requisites of success, firmness, good com- cess, at New Orleans. Trial of Cole

The testimony on the part of the prosecution had not closed up to adjournment of the Court on Saturday, and the case will probably occupy

the present week at least. We learn that no great interest is taken in the trial at Jefferson, and it wanes as the case proceeds. The Court room is but partially filled, and the few women who drop in from curionity generally bring their knitting work to while away time without the loss of a precious

The case so far looks as if Cole would go acquit, or the jury would again full to agree.

SCICIDE IN CINCINNATI. - A man named Thom as Phillips, in Cincinnati, flung himself upon the track in front of a locomotive Friday morning. and was horribly crushed and mangled. Mr. P. had been ill for some two weeks, upon recovery complained much of his head, and was evidently side. insone upon religious matters.

State School Libraries. Our efficient School Commissioner has conaded with the Appletons of New York, a con tract for supplying our School Library Books on terms extremely advantageous to the State. The publishers agree to furnish such books as the Commissioner shall select, et forty per cent.

less than the refail prices, boxing and freight
included. This is one of the best burgains that
has ever been made by the State, which, as everybody knows, is not usually good at a trade.
But the excellence of the bargain is not the
best feature of the business. The greatest care,
discrimination and taste have been exercised in

the choice of books, and all the volumes are of ositive and permanent value; the purchase of gricultural works for rural districts, is but one istance of this attention on the part of Mr. myth. Circulars were issued by him to trustees throughout the State, with the request that they would state in reply what books were wanted and needed in their localities. Thus the wishes of all have been consulted in a matter which has not been adequately alluded to till

The books are to be printed by the Appletons on heavy, white paper, of good stock, with ample width of margin; and are to be bound in the most neaf and substantial manner. The worthlessness of the hinding has been one great cause of complaint heretofore, but the excelonce of the material and workmanship on the olumes to be furnished will wholly remove

the holding of Sarah Phelps to bail in \$500 to answer to the charge in the U. S. Court. There was no evidence to implieste Mr. P. or Jennie Phelps.

Volumes to be rathered.

The contract, which is a model in its way, was drawn up by C. N. Olds, Esq., of our city. It is very complete in all its specifications. Books are to be farmished to the amount of sixty-five a seventy-five thousand dollars. The Appleton's engage to have them ready for distribution by the 1st of March, 1859, and for every day's lelay forfeit fifty dollars.

The number of volumes will be about ninetyfive thousand. The contract for binding these volumes from

The completeness of this whole transaction, is but a type of Mr. Smyth's manner of discharging the responsible duties of his post. Had such a man filled the same place entier, our school libraries would never have fallen into disrepute -State Journal.

How a LAND GRANT WAS OBTAINED .- Mr. S. S. Jones, late President of the Iowa Central Air Line Railroad, in a letter to the Directory, resigning his office, states that the cost to his through Congress during the session of 1834, THIS POPULAR Art Association— WIS SEVEN HUNDRED THOUSAND DOL-LARS! The original "pecuniary compliments" were bestowed in the shape of lands of which hundred thousand acres; but subsequently the lands were exchanged for the stock of the Com-

pany to the amount stated ! Ms. SUMBER.—The National Era has intelligress, or soon after.

Do. H. Timme. Dear Str. There is excite, they are since in March, past, my with was coldenly able as with the most of March, past, my with was soldenly able and with Shemathers of an inflammator return, planted with most excussioning plant. She was hot able to help forced at all, and reads not under a street of an inflammator return, planted with most excusioning plant. She was hot as force or undress, nor walk a step. Our family planted in season and the most of the season proved an obsticate that as full herror percentage good, nor dall strong obtaining internate large any electronic control of a small herror percentage of the same invalidation of small herror percentage of the under the ford of relief. In first waste, as fost to which never that most of relief. In the waste, as fost to be seen as the control of the season with the season waste. The season waste in the season was the season of the season was the season of the season without any instance colours. We do not controlly decrease with point and international the season disease, poor, in this abstract his treatment the long affect speedy with respect. JAMES M. HICKOX. COUNTRY MERCHANTS will find Rise and Drub Beaver Clotte, open this morning— afterness resisting to proclinace Overcatas, will find in the lot little advantage, in patternasing Clottes and Trim-graf us, instead of leaving configuration are real orly TAYLOR, GHISWOLD & CQ.
